

An evening at the Vasa Museum

Experience Vasa,
her time and history

Exclusive guided tour for groups

Experience the Vasa Museum after closing time

Start your evening in the Ship Hall with a fascinating tour of the *Vasa* ship, during which our knowledgeable guides will tell you of the ship's very brief, yet long history. The guides will show you around the ship and make the 1600s come to life. They will tell you how the ship was built, about her brief maiden voyage, her sinkage and salvage, and not to forget, the continuous effort to preserve the ship for future generations.

Following the tour you can choose to continue the evening by enjoying some delicious food and drinks, devised and prepared by the skilled chefs, in the Vasa Museum's restaurant, adjacent to the Ship Hall. You also have the option to combine the guided tour with some brief time for social gathering, before or after the tour, where you can mingle with your guests in the vicinity of the *Vasa*.
